MAIL EMPLOYEES GET HOLIDAY

Half Day Vacation Effective
Until September 13

The half holiday for postoffice clerks and carriers went in effect last Saturday afternoon and will continue until Sept. 13. There will be no delivery Saturday afternoons during this interim, but all the windows of the postoffice will be open for business during the same hours as heretofore. This has been arranged by the clerks alternating their half day off.

A petition was circulated last summer among the business men asking for their consent which was agreed to. There is a general relax from business duties, and Saturday is becoming to be accepted as a half-holiday all over the country. So far as Lima is concerned there is little doing among the different factories.

Postmaster General Harry S. New has made it plain that where it is possible the employees may be excused or dismissed earlier from their labor, but in this dismissal earlier than usual it is understood that there will be no curtailment contemplated so far as the service is concerned.

With the exception that there will be no mail delivered Saturday afternoons, there will be no lack of service at the local postoffice. Postmaster Gale announced.

CONGRESS OF THIRD INTERNATIONAL OPENS

MOSCOW — Sixty countries, including the United States, Mexico, Canada and South America, are represented in the fifth congress of the third international which opened today in the Grand Opera House here.

This year's convention of the organization founded by Lenin, Zinovieff and other Bolsheviks in 1919 when Communism was scarcely more than an experiment, has brought a thousand representatives from every habitable part of the globe.

America's delegation comprises ten youthful Communists. Russia has 138 delegates, including the most prominent members of the Communist party.

ALUMNI PARADE HELD AT OHIO WESLEYAN

DELAWARE, Ohio — Class day exercises opened today's program of festivities for Ohio Wesleyan's eightieth annual commencement here this morning. Following the annual alumni business meeting, graduates who had returned to their alma mater and marched to Edwards Gymnasium for the annual alumni luncheon. The majority of classes from that of 1846 to the present were represented in the annual procession.

Bishop Edwin H. Hughes, Boston, a graduate of Ohio Wesleyan, presided at the luncheon. The annual Alumni-Varsity baseball game with Branch Rickey, manager of the St. Louis Cardinals, among the old grad players will get under way late this afternoon following the luncheon.

A promenade concert and the president's annual reception upon the campus are scheduled for this evening and will be followed by banquets of the Greek Letter Fraternities.

After this date I will not be responsible for any debts contracted by any person other than myself.

REPUBLICANS TURN CRESSY DOWN

It's all off. The Republican leaders turned Will Cressy down. No job. It is the Democratic ticket for Will—that is, unless the Democrats fail to come across. In that case, by hook, he'll vote for the dry nominee. He recused this decision in the fourth and last of his series of convention articles for The Lima News.

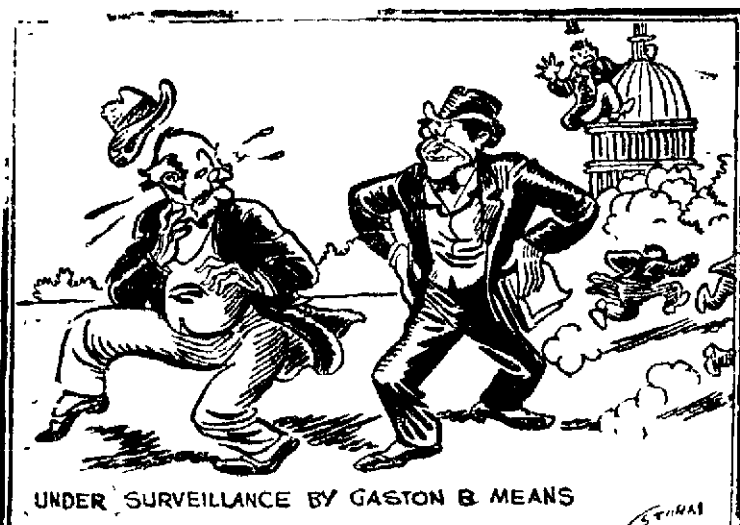

By WILL M. CRESSY.

WASHINGTON, D. C.—There is something wrong here. I must have lost the password. Or else all these door tenders have joined Mister La Follette's fourth party and do not recognize us old line Republicans any more. But I have found out one thing. We have got the hardest working lot of public officials on earth. Every one I have called on for a week has been too busy to see me. The only man I have found in the whole city who was willing to talk to me was a wide faced gentleman by the name of Means. And if he means what he looks as if he means I am going to be charged with some crime mighty soon.

And these "public servants" of ours are getting stuck up, too. Cal Coolidge, from up our way, is even keeping a hatter now.

I thought sure that our new attorney general, Stone, coming from my home state that way, would welcome me with open arms. But the only open thing I found about his office was the door leading OUT. Just makes you think of what the poet said: "How much more harmless than a toothless serpent."

Mr. La Follette's third assistant secretary sent out word by the assistant deputy junior warden of the north gate asking how many votes I could control in New Hampshire. I sent back word that personally I could not control any. But my wife controlled ONE. Mine. And he said to send her in. And isn't it awful the way these

UNDER SURVEILLANCE BY GASTON B. MEANS

fellows steal each other's stuff? They are worse than actors. On cartoonists. No sooner does Coolidge get his name in the papers for eating peanuts than William Bryan gets into the movies, at a Methodist convention, eating peanuts at 16 (peanuts) to 1 (minute).

Somebody asked Bill the other day why he did not come to Washington any more and visit congress. And he said he was afraid it would destroy his non-belief in evolution.

And I shall not vote for our New Hampshire senator, Moses, again, either. He gave me a letter of introduction to the vice president. And after visiting every public building in the city of Washington I discovered that we HAVE NOT GOT ANY.

But I can tell you one thing. Unless the Democratic convention comes across better than this Republican one has, I shall vote for Mr. St. John again.

BUILDING SLUMP

Decrease in Permits Reported
by City Since June 5

So far the city has failed to realize any great revenue increase from building permits since the new rate, boosting fees nearly 400 per cent, went into effect on June 5. Only \$40,655 has been taken in from permit sales since that time.

Twenty-one permits were issued which, at the old rate of 50 cents flat, would have brought in \$10,500. Only \$21,675 in building is provided for in permits issued up to Tuesday.

Where formerly as high as 15 permits were issued each day, less than two a day have been taken out since the advent of the new rate. One permit was issued Monday. It was to Charles Straben, 163 Dana-av. and provides for the erection of a six room residence on Bellefontaine-av between Laney-av and Dewey-av to cost \$4,000.

But I can tell you one thing. Unless the Democratic convention comes across better than this Republican one has, I shall vote for Mr. St. John again.

North Main Street Woman Thanks Peppen For Recovery

Advice of Mrs. Justice Is
Most Sound

"For twenty years I had been in poor health," said Mrs. Justice. "And now, thanks to Peppen, I am strong and well again. This medicine that is being distributed at Hunter's Drug Store is wonderful."

"Less than two months ago of Peppen has changed me from a nervous depressed condition, to one of good health and fine spirits. I suffered also with stomach trouble. My food would sour in my stomach and cause a gas to form. These attacks were very trying and each one left me in a very weak condition."

"Peppen was recommended to me and I decided to try it. I noticed an improvement from the very first week's treatment. As I continued to take Peppen I continued to improve. Finally much to my surprise I found my nerves were in good condition. My appetite had returned and I was able to eat a hearty meal without having any bad after effects."

"Now I am stronger and better than I have been in twenty years and the change is due entirely to Peppen."

CAUTION: The genuine Peppen is packed in a white and blue carton and may be obtained in Lima only at Hunter's Drug Store, 49 Public Square and corner Main and Wayne Sts. and The Argonne Store, opposite Post Office. There is a Peppen agency in every nearby town.

CIGARET TAX IS UNDER NORMAL

Delinquents Warned to Pay by Treasurer Botkins

FRIDAY IS FINAL DAY

180 Dealers in County Advised to Escape Penalty

More than a score of Allen-co dealers in cigarettes have not applied for license for the coming year, according to Harry E. Botkins, county treasurer.

Botkins sounded a warning Tuesday in regard to the time limit for procuring the permits, stating that Friday is the last date on which the licenses can be purchased without paying a severe penalty.

Altho Botkins collects the license money, the county does not profit from any portion of it. It goes to the government, he said. For this reason he issued a plea to dealers not to delay in taking out their licenses. There are 180 dealers in the county who are engaged in selling cigarettes, Botkins estimates.

15 PERCENT PENALTY

Tax collections for the last half year have totaled close to \$200,000, which amount is somewhat less than was collected at this time one year ago.

June 20 is the last day for paying taxes without penalty. Fifteen per cent can be added to all taxes collected after that date.

Commencing June 24, Botkins will commence his annual tour of the county for purpose of making collections in outlying towns.

He will be at the Old National Bank, Delphos on June 23 and 24; Citizens Bank of Bluffton, June 25; Farmers Bank of Spencer, June 26; Harrod State Bank of Bluffton, June 25; Farmers Bank of Spencer, June 27; Farmers and Merchants Bank of Beaverdam, June 30; Farmers Bank of Ellettsburg, July 1; Lafayette Bank at Lafayette, July 2.

MAIL HOLDUP IS CLEARED

CHICAGO — (By Associated Press)—Discovery at Joliet of 25 sacks of partly looted registered mail taken in the holdup of the Chicago, Milwaukee and St. Paul fast mail train Thursday night 32 miles north of Chicago, all but cleared up the mystery surrounding the most daring train robbery in railroad history. A. E. Gerner, chief postoffice inspector here, said today.

The finding of the piled sacks entirely supports the police theory and will be part of the evidence against the prisoners now held by the police, Mr. Gerner said. He said there was no longer doubt that the police had at least some members of the train robbery band.

SUGAR MARKET

NEW YORK—The sharp advance in the raw sugar market yesterday led to increased offerings early today and prices reacted 1-8c to the basis of 5.15 cents for Cuban duty paid.

Raw futures easier; prices at midday were 12 to 15 points net lower. Refined sugar was unchanged to 25 points higher with fine granulated quoted from 8.65 to 8.90. Refined futures nominal.

"THE CAMPAIGN KID" IS RIGHT OFF THE BOWERY

A pretty tough egg is "the campaign kid" who has been adopted by the Democrats as mascot for the New York convention. Emblem of the far-famed Bowery, this doll has been accepted as the official convention souvenir by Elizabeth Mahbury, chairman of the Woman's Democratic Committee. No woman delegate will be complete without one.

THE LIGHT THAT FAILED

(Continued from Page One)

appearance of Raymond M. Krise of Cincinnati, son of the present tenant of Deakin farm, who was to have traced the "spook" to his lair.

But to offset their disappointment they spoke of the many letters that Mayor George Luce has received from "spook chasers" from all sections of the country who are willing to defy the "phantom light" and solve the mystery for Columbus Grove restaurants. A medium from Findlay wants only \$100 to catch the "spooks."

One Chicago detective guarantees to find Columbus Grove restaurant, the "spirits that infest the town" if \$500 is paid him in advance. One of the women thought it was alright to pay the \$500 as Chicago is over five times as big as Findlay.

I started to find the mayor and after several minutes' search I had to admit failure. Several persons told me he was riding George Turner, night watchman, in moving traffic I was afraid to venture onto the traffic congested street so I found solace in a dignified old gentleman, who from his manner and speech, evidently at one time was Mr. Columbus Grove himself.

From this dignitary I gleaned the startling information that bootleggers are blamed for the light and that Columbus Grove residents have asked E. C. Stromblay and I. R. Statkoff, Toledo federal prohibition officers, to lead a party in a search of the woods as Putnam has been infested with bootleggers in recent

months. I didn't see any of the bootleggers.

GASES ARE BLAMED.

That information was only the start. In his second offering he told me that C. Bert Holmes, chemist, after an investigation, had come to the conclusion that heavy rains in the past month had caused gases to issue from the ground, and by the rules of physics of which I know nothing, a light passing thru these gases might form a chemical action which might look like red fire. The breath of a person or an animal coming in contact with the gas might cause the same chemical action, he said.

Holmes made a day time examination of the soil and reported, the old gent told me, that gas was rising from the ground like small clouds of smoke not unlike that emitted from smoldering underground fires, and that the soil of the grove is always damp, even in summer weather persons in the woods are compelled to wear rubbers, as the ground is almost natural muck.

Fully 10,000 persons, counting the population, jammed the streets Monday night. If they were rewarded for their trip, they were lucky, for the crowd was the only thing I saw. If the light appeared it waited until I left the vicinity. Search of the woods is to be made Tuesday night, not by "spook chasers" who want \$100 or \$500, but by Krise and other fearless men.

One thing I like about Columbus Grove and that is—the people will talk. Everyone seemed to take the invasion of their town good naturedly except the traffic officers who, no doubt, will be seeing automobiles in their sleep, because I passed at least 200 machines at 10:30 p. m.

Since I'm not superstitious, in ordinary slang, I think the phantom light is a lot of applesauce.

PLAYGROUNDS TO OPEN WED.

Two Periods Daily Arranged for Lima Children

EQUIPMENT IS IN ORDER

Baseball Leagues for Boys Are Proposed

Lima's city playgrounds, under the auspices of the Allen-co Child Welfare association, will be formally opened Wednesday, Fred Wallace, supervisor, announced Tuesday.

Centers open Wednesday will be at Lincoln park, under the direction of Miss Ruth Wells, and at Fairport park, under the directions of Leona Bernstein, who will have charge of the smaller children, and Paul Mitchell, who will have charge of the athletics. Two other centers will be open in north and south Lima when locations can be obtained, Wallace announced.

The park commission has gone over all equipment at the two parks and it has been found to be in the best of shape, Wallace said.

The playgrounds will be open from 9 to 11 a. m. and from 2 to 5 p. m. daily except Sunday. The director will be in charge at each playground during the two periods.

Special emphasis this summer will be laid on industrial work for the children, such as making baskets and road work. A suitable budget has been made by the Welfare association for this phase of playground work.

LEAGUES PROPOSED
Tennis and outdoor baseball leagues will be formed at each of the two parks, and an outdoor basketball court will be equipped at Lincoln park, Wallace said. Definite announcement of the athletic program, at the two parks will be announced Wednesday by Wallace.

The association desires to promote amateur athletics in baseball, tennis, field and track. Wallace said, and much time will be spent in this work. It is highly probable, he said, that four baseball leagues will be instituted at Fairport park. In the following classes: a midget league for boys under seventh grade school age; a junior league for boys of junior high school age, a senior league for unemployed boys of high school age; and a special twilight league for employed boys under 18 years of age. Further information concerning the leagues may be secured from Carl Young at the Lima Sporting Goods Co., or from Wallace at either the "M. C. A." or the offices of the Allen-co Child Welfare association at Memorial Hall.

GREAT WEALTH IN GEMS FOUND

Greatest Sapphire Discovery Made in Ceylon

GREAT WEALTH

COLOMBO, Ceylon.—(By Associated Press)—The largest find of sapphires ever made in Ceylon, if not in the world, is reported from Palnadulla, about 50 miles from Colombo. The find is in a paddy field of an area of about two acres.

The sapphires include yellow, gold, purple and blue stones varying in size from 20 to 700 carats. Some of them, the report states, weigh about half a pound and are marvellous in color. One of the best known Colombo dealers in precious stones declares the find an unprecedented one, but thinks the stones are too large. What dealers now want in sapphires are stones that weigh between 4 and 20 carats, as the demand for large pendants is gone, as are the days when crowned heads and wealthy collectors would pay high prices for a single stone.

Some of the stones found have been valued at about \$75,000, rough polished. One sapphire, perfect in every respect, of excellent quality and color, free from flaw and cut perfectly, sold for \$250,000.

The largest finished sapphire ever sent out of Ceylon was one sold to the late J. Pierpont Morgan in 1908. This stone, said to be the largest in the world, was found at Kuruvite Korale near Ratnapura in 1908, and weighed 460 carats after being cut and polished.

The find in the paddy field has caused a sensation in Colombo and has attracted many visitors to the place where sapphires are still being taken out, the yield being practically unlimited.

eliminate the bi-weekly market bill. Journalism interested 41; eight seek religious callings, and 53 wouldn't mind becoming movie stars. One plans to be a swimming instructor.

Seventy-five were undecided—so the ranks of the would-be brides may be augmented. Social service workers, interior decorators, artists and librarians completed the list.

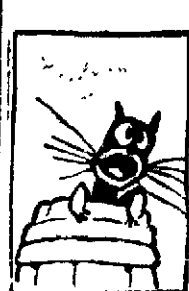

Not a very encouraging prospect for "marring persons" in a county that boasts an unusual number of handsome and well-to-do young bachelors. Certainly devastating to male vanity, or—what is this world coming to?

SKAT IS ABOUT READY TO QUIT

Skat is about ready to pull the lid down tight on his barrel and roll away from Lima. Just when he gets all set for a little sunshine the weather man spoils his fun with an announcement of a thunderstorm for Tuesday night. After the cyclone of a week ago Skat refuses to take any chances and at the first indication of a severe blow he is going to pull the lid down and leave Lima. The weather man predicts thunderstorms with cooler weather for Wednesday.

BRAZIL TURNS TO U. S. HABITS

Quit Hot Clothes for Palm Beach Attire

RIO DE JANEIRO.—(By Associated Press)—Altho this has been a land of perpetual summer far beyond the memory of the oldest inhabitant, it is only now that the Brazilian is learning how to handle hot weather, and he is receiving some of his best tips from the American.

Up to very recently, the Brazilian dressed with great formality. Black was the prevailing color, black, heavy and hot. But now the Brazilian appears fresh and smiling in American "palm beach" whether he be senator, gambler or undertaker. Nowadays black is worn here only by foreigners.

A while ago the Brazilian refreshed himself with coffee, from half a dozen to 20 small cups a day. The sidewalk tables with their coffee drinkers are historical in Rio. At infrequent intervals he would take a tentative sip of lemonade or coconut milk. But now the Brazilian is lining up on little stools before soda fountains, another American invasion of recent date. He is drinking ice cream sodas, sundaes and everything a regular American drug store has for sale.

The American soda fountain made its debut here during the Centennial Exposition. It was accepted as a novelty and everybody tried it once. Then an adventurous "Yankee" installed one in a small cafe on the outskirts of the business district of Rio. His success was so instant and enormous that the police were obliged to help handle the crowds. Soda fountains are now appearing in all parts of the city.

ORANGE BLOSSOMS MEAN NOTHING TO THESE GIRLS

Cupid Might as Well Stay Away From Santa Ana, as High School Poll Shows Only One Girl In 36 Wants Husband

LEFT TO RIGHT DOROTHY GARDEN EDITH ELLIOTT ADA TULENE (ABOVE) AND GRETCHEN SCHMITH. RESPECTIVELY THEY ASPIRE TO BE MOVIE ACTRESS, SWIMMING TUTOR, WIFE AND FARMER.

By JACK JUNGMEYER

SANTA ANA, Calif.—(Special)—From this county of orange blossoms and feminine self-expression, in the month when a young lady's fancy is popularly supposed to veer lightly to romance, comes the shocking declaration that only one girl in 36 wants a husband.

That is the gist of a poll just completed among high school girls by the agricultural education committee of the Orange-co

questionnaire on elected careers only as definitely desired marriage.

That was a great relief to boys fearing leap year proposals, but while it brought these out of retreat, the canvass perturbed the farm bureau, which had hoped to guide the assumed romantic leanings of the young ladies toward the lads of the great rural spaces.

Even the 11 girls who want to be farmerettes don't exactly crave marital co-operation. It seems that the men who grow orange

blossom wreaths will have very little opportunity to use them at their own weddings, unless the young ladies change their minds.

School teaching called to the greatest number—980 of the 2,646.

Typists, according to the answers of many, always wear good clothes, and business men take them out to lunch—wherefore a goodly number of the 403 eager for stenographic places hoped to save considerable on meals.

Charges She "Bummed"
Freight With Men

Charges that Mrs. Shirley Studer, Ohio City, made a trip to Bluffton, Ind., on a freight train with several men with whom it is alleged she was associating, are contained in a divorce petition filed in common pleas court by William Studer, 20.

Because Studer is under age the action is brought for him by William Studer, Sr., his father. The petition relates that the couple were married in Monroe, Mich., a year ago. On June 11, Studer charges that his wife went to Decatur, Ind., to meet several young men with whom he believes she has been indiscreet. From Decatur the party is alleged to have made a trip over to Bluffton, a neighboring town, by freight train. The defendant was absent on the journey two nights and three days, the petition declares.

PHONY \$10 CHECK
Lima police are looking for a man who passed a worthless check Monday on Alex Frankie, cigar store proprietor, E. High-st. The check for \$10, signed by C. C. Carmean, was returned from the Old National bank as worthless. Name of C. C. Carmean, police say, was forged on the note.

DEGREES ARE AWARDED AT KENYON COLLEGE

GAMBIER, Ohio — With Lord Kenyon, of England, after whose family the school was named, in attendance, Kenyon college devoted the fourth day of its centennial exercises today to conferring honorary degrees.

Rev. William Thomas Manning, bishop of New York; William G. Mather, Cleveland; former Senator Atlas Pomerene, Canton, and Martin Ryerson, Chicago, were given the degree of doctor of laws. Frederick Moorehouse of Milwaukee, editor of "The Living Church," was made a doctor of letters.

The following were given the doctor of divinity degree: Rev. Charles C. Dubb, Fremont, Ohio; Rev. Jay Dimon, Washington; Rev. Thomas Jenkins, Portland, Ore.; Rev. Charles Reifsnider, Tokyo, Japan; Rev. John C. Ward, bishop of Erie, Pa., and Rev. Edward J. Owen, Sharon, Pa.

BOWERY KIDS JOIN BOOST

Everybody Whoopin' 'Em up
for SmithBy DOROTHY SHUMATE.
NEW YORK — (By United

over Al Smith.The taxi drivers, the hotel
waiters, the subway guards—
they're Smith votes, every one.Even the Pled Piper of Hamelin
and his tin whistle couldn't com-
pete with Al Smith in his home
town. Why, even the kids on the
Bowery are calling "You know
me Al."The writer dashed into New
York, pencil sagging after a
weary two weeks in Cleveland.
"Seen Al Smith?" asked the
reporter. "I glared 'Al' com-
ing today," ventured the news-
urchin. Still no response.
"Taxi?" Where to, and Smith
headquarters, came in the same
breath."Yes, and hurry," I boldly re-
plied.
For who was this man whose
name saturated the great out-
doors?"Way up on the top floor of the
Prudence building, away from the
street campaign are the Smith
headquarters. In an inner pas-
sageway the newspaper men and
women wait twice daily for the
governor of the Empire state.
They chat carelessly until some
mysterious word comes down the
line and then they troop into a
thrifty, sunny room.There stands Al Smith—"man
of the people."DESCRIPTION GIVEN.
Of medium height, smooth
shaven, his hair parted in the
middle, complexion bright red, Al
Smith's face opened into a broad
grin, flanked by a gold tooth. He
might have been a clergyman
meeting his flock in his plain
black suit and his low collar
which gave ample freedom to a
sagging neck. His trousers were
hitched high on blue suspenders
and in his white shirt front were
gold studs."Personalities" and "bold"

Here was a man who was like

voice of the people.I edged a little nearer. He has
light blue direct eyes. A man
whom even the most lowly could
not fear, but would take liberties
with. A sob sister from Alaba-
ma eased up and obscured the
view. She whispered a few words
to the governor. He leaned for-
ward and patted her cheek. I set
aside discretion and crawled thru
the loophole."What confidence do you place
in the woman vote, governor? Do
you expect women to line up for
you?"He smiled.
"You can tell the women for
me that I expect their vote to be
unanimous," he replied.Later, it was almost morning,
the elevator at the Waldorf
stopped and took on a passenger.
"Out reporting at this hour?"
came a familiar voice. It was the
governor again. He was just the
same, or perhaps a little more so.
Smiles, red face and suspenders.
"Well, you can go home to bed
now," he said, good humoredly.
"You won't miss anything. I've
put the show to bed for the night."
And he showed me his gold
teeth again.IDENTIFICATION OF

some 290 kilometers from the
starting point. At an early hour,
the American entry Goodyear,
was believed to be still in flight.
The other balloons down in-
cluded the Italian Ciampino
which came to earth near Havre,
300 kilometers away, the British
Banshee, which landed at Aubge,
in the Meurthe Et Moselle, de-
partment, likewise about 300 ki-
lometers distant and the British
Margaret was landed two kilo-
meters from Dieppe.The Belgian balloon Belgica,
piloted by Demuyter landed at 3
a. m. today at a farm ten miles
from Brighton, England.Reports at 2 p. m. said the
balloon Ville De Bruxelles had
descended near Chateau Thierry.One unidentified Spanish con-
testant, was reported to have de-

Atta Boy, Judge!

Judge Poling has come to the belief that he has been a little too lenient with reckless automobile drivers in this city in the past. He's determined to put on the screws and promises heavy fines and jail sentences in the future. In addition, he's assessing costs against those convicted in his court.

To all of this, we say amen. We'll not attempt to say whether or not the judge has been too lenient in the past, but we will say that we can't conceive of him being much too severe with some of the autoists we have seen about the city. And particularly, the drunken ones.

Occasionally, one sees that some person is charged with driving while intoxicated. That charge may be legally correct, but we believe, considering the poison they are drinking now, it might be a little nearer the truth to book 'em as driving while crazy. And not one half of one per cent of those against whom this charge might be maintained get into court.

The judge can do his part after they are haled into court. He can't very well go out and get the speeders, drunkards and ordinary imbeciles who are constantly endangering the lives of others by their foolishness. The police department will have to bear this burden and Chief Lanker has pledged his aid.

We are glad to see the court and police department cooperating in this important matter. We are always ready to commend anything that will tend to make the streets and highways safer for sensible drivers and pedestrians. Much good should come of this campaign. Booking a few up at Harvey Crosson's boarding house will have its effect.

The Guiding Force

Peculiar experience of a certain fiction writer: He had a rush order from a magazine, so he went far into the Canadian woods to write the story—a novelet. Out in the woods, two days' trip from even a village, his typewriter broke down.

The fiction writer tried writing with pen and ink. Then he made the curious discovery that he couldn't get his brain functioning to write unless his fingers were touching typewriter keys. This is a not uncommon experience of all writers, including newspapermen.

The typewriter, for all practical purposes, has become a definite and indispensable part of their bodies.

Some writers sit down at the typewriter and rattle off several hundred words that go promptly into the wastebasket, just to start their brains functioning.

What would Babe Ruth be in baseball if he didn't have a bat? He is not Babe Ruth, the popular idol, until he gets his fingers wrapped around a bat. The bat has become a definite part of his physical expression of himself.

The greatest violinist is an ordinary man unless he has a violin in his hands. He cannot express himself without his violin, any more than a bricklayer can express himself without bricks or trowel and mortar.

The gold beater is a man of phenomenal skill—but the skill is absent unless he has his beaters and other instruments.

The famous creative architect, Louis H. Sullivan, once commented that all inventions are merely an extension of man's fingers. The shovel, for instance, is simply an extension or elaboration of the cupped fin-

gers and palm. A pair of ice tongs is an extension of lifting human arms.

The body of man is a machine for expressing himself and his function or purpose in this life. So are shovels, typewriters and other inventions which man has added to assist his body.

It makes us wonder whether, when death comes, the Real Self is affected any more than when a shoveler breaks his shovel. The force that handles the shovel continues. That force is man's spirit or soul. The same force uses the physical body as its machine or tool. Death eliminates the worn out or damaged machine. The guiding force lives on.

The "Paradox"

Sweet words flew thick and fast at Cleveland last week when the Republicans were making their nominating speeches. It was a repetition of what had gone before—a lot of bunk. It's to be found in all political conventions and is intended for public consumption to make votes.

We don't know how much of the hot air that is released under such circumstances is taken at face value by any appreciable number of voters. The percentage is small, tho, we would guess.

In nominating Mr. Coolidge at Cleveland Dr. Butler proved to be an ideal nominator. His flow of words was remarkable. His flowery statements brought forth rounds of applause. They found their mark in the big hall and were broadcasted over the land so that all might read. In speaking editorially of this address, The Baltimore Evening Sun said:

Yesterday in nominating Mr. Coolidge, the Rev. Dr. Burton said:

He has moral fiber . . . rigor and vigor . . . frugality . . . self-control . . . humility . . . sacrifice, renunciation, service . . . fervent love of America . . . devotion to country . . . confidence in the people . . . fine idealism . . . one who is supremely American . . . virile man . . . staunch American . . . real human being . . .

If you can stand more of it, here it is:

Stern duty was on his conscience . . . He grew up with the idea that hard work is the normal and desirable lot of everyone. To him the law of life, the law of progress, is the law of obedience, the law of service . . . His speeches reveal a peculiarly beautiful and gracious appreciation of the mother and the home. The Rev. Dr. Burton is obviously a spell-binder of no mean proportions. He is even better than we thought. Yet it may be that Mr. Coolidge wishes his sponsor had stopped before he said:

He illustrates the paradox of greatness. A paradox is something which is apparently absurd yet true.

"Gas"

It gives one a headache to contemplate statistics about sales of gasoline. The American people have been using a fourth more gasoline than a year ago. Sales are reported as over 600 million gallons a month for the whole country. This is especially interesting and important if you own GOOD oil stocks.

Offspring

A Rhode Island woman, who died recently at 82, left 85 direct descendants. If everybody were as prolific, in a few generations the earth would be too crowded for any one to lie down.

Why waste time wondering why we die? The answer is, to make room for newcomers. Life is a journey between two unknown stations. We don't know where our souls came from. And some are not so sure about where they'll go after their hearts stop beating.

BELLY EXERCISE IN BRONCHITIS

In cases of chronic bronchitis (recurring winter coughs) associated, as such cases so often are, with bronchiectasis (dilation or ballooning of bronchi) or with the production of an excessive amount of sputum (bronchoregia) or with emphysema (ballooning of portions of the lungs) it is often beneficial to aid drainage by postural maneuvers, as we have already described in recent issues and to aid the breathing by exercises, provided the subject's condition permits exercise. If there is any doubt about that, the physician who knows the subject's condition can decide whether exercise is advisable.

There seems to be some impairment of the expiratory function in most cases of chronic bronchitis. That is, the individual breathes out with more difficulty, the chest does not empty itself as readily as it does in a normal individual, nor as completely. That's where the wheeze comes in. Where there's a wheeze there's a difficult expiration, as a rule. This fact is most strikingly shown in true asthma, in the seizure of which the wheeze is wholly expiratory and there is comparatively little difficulty about taking in air (inspiration).

One of the easiest and least laborious exercises consists in standing before the mirror and drawing slowly expire, pressing upon the lower ribs and sides of the belly with your hands near the end of expiration, and at the very end bend forward with a bow to the woman or gentleman who is watching you perform. Repeat this several times night and morning, and after you've become accustomed you should repeat it some 30 times at a seance.

Even less laborious and perhaps more effective in emptying the chest is artificial respiration manipulation in the way which everybody should understand—Scheerer's method. For this you assume the prone posture while a volunteer manipulates your breathing for five minutes night and morning.

This delightful and effective elixir not only gives instant relief from gas, fullness, acid stomach and distress after eating, but taken regularly for a short time will turn your weak, run down stomach into a strong, healthy one able to perform its duties without help.

It ends indigestion, gastritis, catarrh of the stomach and does it in a surprisingly short period of time.

Dr. Wm. W. Morgan, a prominent dentist of Bridgeton, N. J., writes: "After suffering severely with gastritis and other stomach troubles, a friend gave me a bottle of Dore's Mentha-Pepsin. I had obtained little relief from other remedies, but four bottles entirely ended the trouble." Get it at Green's Public drug store, Hunter's drug store and all regular druggists everywhere. adv.

VARICOSE VEINS ARE QUICKLY REDUCED

No sensible person will continue to suffer from dangerous swollen veins or hunches when the new powerful, yet harmless germicide called Emerald Oil can readily be obtained at Green's Public drug store, or Hunter's drug store.

Ask for a two-ounce original bottle of Emerald Oil (full strength) and refuse substitutes. Use as directed and in a few days improvement will be noticed. Then continue until the swollen veins are reduced to normal. It is guaranteed and is so powerful that it also reduces enlarged glands, goitres and wens. adv.

JUST FOLKS

BY EDGAR A. GUEST

THE NON-BELIEVER

The non-believer is a man who lets the morning sunshine in and thinks by chance this world began. As men throw dice and lose or win; He sees the violets bloom and blow. But not the power which makes them grow.

Chance charted every planet's course! By chance the summer follows spring. Chance gave to man the faithful horse And made the swallow fleet of wing. How these things came he doesn't know. He thinks they merely happened so.

Oh, what a jumble there would be if chance were shaping beasts and men. Could blind chance once repeat a tree, Or bring the June rose back again? The simplest truth we've learned to know Tomorrow chance might overthrow.

Without confusion or mistake There is a power which rules us all, A higher law we cannot break. An eye which sees the sparrows in every twig and leaf and blade I see God's handiwork displayed. (Copyright, 1924)

Here's the Latest---Cod Liver Oil in Tasteless Tablets

Greatest Flesh Builder For Skinny, Weak, Run-Down People—Full of Vitamins

No more will weak, thin, unfortunate children cry in protest when the nasty, fishy-tasting, horrible-smelling cod liver oil is brought out.

Medical science progresses rapidly, and now you can get at your druggist's real, genuine cod liver oil in sugar-coated tablets that young and old can take with ease and pleasure.

Even the run-down and skinny grown-ups, who ought to take cod liver oil, because it really is the greatest vitamin food and builder of healthy flesh in the world, will feel extremely joyful when they read this welcome news.

Of course, doctors have been prescribing cod liver oil in tablets under another name for sev-

eral years, but it is only of late that one can walk into a drug store and get a box of these flesh-producing tablets just as easy as a bottle of magnesia.

Thin, run-down, anemic men, women and children who need to grow strong and take on flesh are advised to get a box of McCoy's Cod Liver Oil Tablets, and if you don't gain 5 pounds in 30 days just get your money back.

One woman gained fifteen pounds in five weeks, according to her own doctor's another ten pounds in three weeks. A very sickly child, aged nine, twelve pounds in seven months, and now plays with other children and has a good appetite.

Just ask for McCoy's Cod Liver Oil Tablets. Hunter's Drug Store, Enterprise Drug Store or any good druggist will tell you that they are wonderful flesh and health builders. Only sixty cents for 60 tablets.

Get McCoy's, the original and genuine Cod Liver Oil Tablet and beware of imitations." adv.

A Page from the Diary of an Antiquated Reported: (Monday)

ABE MARTIN

(the 165th day)—Early awake to a dark morn. Blids nowhere about. Trees dripping tears, sorrowed by weather reports. A wood-cock's howl. Dandelions on a new mowed attack. Hazy skies. Breakfasted on a melon and two-minute henfruit. Taxied to a shoe hospital, leaving a payre of kicks. Lost souls. And disappearing heels.

In the morning, going over the interest chits. June is the master mouth for banks. Its only rival, December.

Out, and around. There goes Elmer Webb, the raltor. Cy Jones, the noble city treasurer. Who tells me my good old friend, Billie DuGray, has been dead more than a year. And I knew it not.

Came Jimmie Heffner, with a letter from Dick Lee. Now an attorney-practitioner in New York. Dick once sold biddges around here. Before Ben Welby broke up the trust. Then he joined Lord & Thomas, the great advertising agency. Many old Limalites will remember his fog horn voice, which could be tuned down at will.

to a dulcet tenor. Some speaker is Dick, to this day.

To Fockler's Facial Foodery, for trim, washe, and towel steam. Then, abovestairs and lunched with Rotarians. Among whom were Judge Hamilton, the popular jurist, and Dr. Clark, internationally famous as the world's keenest alienist. Musical program of delight.

Jake Stolzenbach, the Illiputian crack sales-manager, tells me he has a niece, who declares this col of puerile puffie, should be ostracized. Howbeit, all these new High School boy graduates will think they have a chance to be President. Until they marry. To end out, that oratory with a wife, is as useful as the budget system for her clothes.

Dined, at Long's Rendezvous on a capon or chicken (I never know them apart), with dressing and boiled potatoes. The delicacy, a tasty preserved pair, on the stem. And Graham place for the sweets. So, early home, to save gas, and press my other trousers. And late, to bed.

KIWANIAN RALLY IS HELD HERE

175 Members and Wives Enjoy Special Program

PAST GOVERNOR SPEAKS

National Convention Messages Read from Delegates

More than 175 Kiwanians and wives held a special meeting Monday night at the Barr hotel simultaneous with the meeting of all the 1,240 Kiwanian clubs in the United States and Canada to commemorate the opening session of the eighth international Kiwanian convention being held in Denver, Colorado. It was "All Kiwanis Night."

Between 8:45 and 9:00 the club observed the "zero hour" period when all the clubs, synchronized with each other, had exactly the same program. The fifteen-minute period consisted of a "fellowship moment of silence"; the reading by Eugene Lippincott of a message from Edmund F. Aras, president of Kiwanis International; the singing of "America, America" and "God Save the King"; the national hymn of the United States and Canada, and the singing of "Onward in Kiwanis," written by George S. Holmes, president of the Denver Kiwanis club.

Principal address of the evening was made by Walter S. Jackson, Lima attorney and immediate past governor of the Ohio district of Kiwanis, who talked on "Kiwanis Ideals."

Entertainment was furnished the club by the Rainbow Quartet of Central Church of Christ and "Bob" Deikman's orchestra. The orchestra played during the dinner hour from 7:30 to 9:30. The ladies quartet is composed of Mrs. Muriel Sonntag Ufer and Mrs. Earl Thompson, contralto, and Miss Violet Lewis and Mrs. Melvin Light, soprano.

Messages were read by Chairman E. A. Siferd from several clubs in neighboring towns which were started by the local club. A telegram also was read from President G. P. Dillman and Frank Pringle, delegates of the club to the Denver convention. They said that the convention is the biggest and by far the best that Kiwanis International has ever had.

All Kiwanis Night was celebrated by the 1,240 Kiwanian clubs in the United States and Canada, a total membership of 88,000. This was the first time in the history of Kiwanis, or any similar organization so far as is known, that such a simultaneous meeting has ever been arranged.

Following the meeting the ladies' quartet broadcasted a program of songs from station WOAC under the auspices of the club. The program also included a Kiwanis talk by Walter Jackson and the singing of Kiwanis songs by picked members of the club.

Regular meeting of the club Tuesday noon was cancelled because of the special meeting.

KLAN OFFER OF GIFT TO HOSPITAL ACKNOWLEDGED

A communication received by the city manager from Lima branch 55 of the Ku Klux Klan in which the organization pledged \$500 to help purchase the new city hospital site, was submitted to the City Commission Monday night and was referred by them to Frank E. Harman, head of the committee in charge to raise money for the site.

TWO AUTOS ARE STOLEN; ONE IS FOUND ABANDONED

Two automobiles were reported stolen here Monday night. William Hoot, 636 N. Jackson-st., told police his Overland was taken from E. High-st. Miss Mary Curry, R. D. 1, recovered her machine which had been abandoned on a side street after being missing for several hours.

Description of Hoot's automobile has been broadcasted by local authorities to police of adjoining towns. Police express belief that "joy riders" took the car and it will be found within or near the Woodlawn cemetery, etc.

15 Years Wait Brings \$37.30 To Aged Woman

After waiting and hoping for 15 years, Mrs. M. E. Campbell, 1305 Allentown-rd., is to receive \$37.30 which has been due her from the city since 1910.

In September, 1909, and March, 1910, Mrs. Campbell paid two assessments for the grading of Wayne-st. The following year the course of the Allentown-rd. was altered and passed thru her property, taking the same course that Wayne-st. formerly had taken.

Her assessment should have been returned to her immediately, since the improvement of the Allentown-rd. is financed by the county and not by the city.

Since that time the aged woman has been promised many times by various city officials that she would be reimbursed, but it was not until City Manager C. A. Bingham and City Engineer John Jewhurst heard of her case 15 years later that any action was taken.

An hour and a half was spent by the two city officials searching court records and establishing the right of the patient woman to the meager amount, which to her takes the aspect of a huge sum. The facts of the case were found to be true, and the matter was referred to the city commission Monday night.

Action was taken by the commission authorizing the preparation of an ordinance in which the return of \$37.30 to Mrs. Campbell will be provided for. The legislation will be passed at the meeting next Monday night.

APPEAL WILL BE TAKEN BY HINES

Negro Sentenced to Life for Killing Youth

OTTAWA—(Special)—An appeal in the case of the state against Otis Hines, convicted here last week of second degree murder for killing Robert Halloran, Lima youth, and sentenced yesterday to life imprisonment, will be taken, his attorneys announced Tuesday.

Judge E. R. Eastman passed sentence on the negro Monday after overruling defense counsel's plea for a new trial. The case will now go to the court of appeals for the second time and attorneys say they will go to the supreme court, if necessary. The case traversed that route before and was remanded for re-trial in a neutral county.

During the strike of shop crafts in Lima in September, 1922, Hines shot Halloran. Hines was employed as assistant cook at the Baltimore & Ohio railroad camps here, where men imported to take the place of strikers were being fed.

He was found guilty of manslaughter by a jury of eleven men and one woman in Allen-co common pleas court in January, 1923. His attorneys prosecuted the case thru appellate and supreme court and obtained a certification for change of venue. Putnam-co was selected as the place for holding the new trial.

In the meantime Hines is out on \$10,000 provided by wealthy negroes and fraternal organizations of Lima and Indianapolis.

ERYSIPELAS ENDS LIFE MONDAY OF JOSEPH RAMBO

Following an illness of two weeks from erysipelas, Jasper Rambo, 64, of 1224 S. Atlantic-av., died Monday afternoon at the City hospital.

The deceased was born in Westminster in 1860 and was a retired farmer. He leaves one daughter, Mrs. Dora Carley, with whom he lived; five brothers, Benton, Lima; Sam, Bates, Mich.; Alex, Bellefontaine; Henry, Dunkirk; and Noah, of Harrod. Three sisters, Mrs. Cookingham, Mrs. N. Hughes, of Alger and Mrs. Jennie Leppley, of Bayone, N. J.

The body was removed to the Hamilton funeral home, W. High-st. Funeral services will be held Wednesday at 2 p. m. at the Auglaize church near West Minister. Interment will be in the church cemetery.

BRITISH ENVOY STILL GUARDED

May Leave Mexico as Demanded by Obregon

END OF DISPUTE SEEN

Threatened Rupture Expected to be Averted

MEXICO CITY — (By United Press) — Peaceful settlement of the dispute between British Diplomatic Agent Cummins and the Mexican government appeared in prospect today.

The diplomatic corps met at the British legation and held a long discussion of the case, causing a report that the foreign office in London probably will advise Cummins to ask for his passports and leave peacefully in compliance with the demand of President Obregon.

Cummins was still barricaded in the legation this morning with detectives and gendarmes patrolling the streets around the building.

The Union Jack floated defiantly over the legation building. A man servant and a woman attendant who left the legation yesterday were not allowed to return.

CONUL INTERVENES The government, however, did permit Cummins a razor and a toothbrush, after intervention by the British consul general who delivered the toilet articles in person to the embattled envoy.

The consul said he also managed to take in a cake of soap and other articles Cummins had requested.

Cummins locked himself in the legation last week, when the government ordered him to leave the country, because of alleged unwarranted intervention in Mexican affairs.

Publication of Prime Minister MacDonald's statement in the house of commons yesterday, in which he said the British government considers Mexico's action a grave breach of international courtesy, brought only the reply here that the Mexican government feels it is acting entirely within its rights.

Laundry Package Tells Character, Declares Mosier

That the average man in Lima wears less than three to four shirts a week is the opinion of laundrymen here, based on their experience in the washing game.

The man who sends his laundry each week, will include a couple of shirts, three collars, a suit of underwear, two pairs of socks and three handkerchiefs. This is about the average bundle that comes in to Lima laundries, according to managers. Some bundles will contain less and some more, according to E. W. Mosier, president of Mosier's laundry.

In warm weather the amount of laundry increases and in cold weather it is less, the explanation being that clothing soils more easily in summer.

Of course there are cases where large bundles come in containing a dozen shirts, many pairs of socks and piles of collars, handkerchiefs and underwear. But in these cases, laundrymen say, the customer allowed his wash to accumulate.

Laundrymen can read character of customers by their shirts, they declare. A stiff front, old fashioned shirt, denotes a customer nine times out of ten, who formed the habit of wearing that kind when they were the fashion years ago.

A loud shirt, one that screams, is usually sent by a young man of extreme sporting proclivities, jockey, pugilist, or perhaps, merely a follower of the two sports. Fine shirts may not always mean the owner is wealthy, according to laundry owners. A man of considerable means may likely wear a medium priced ready-to-wear shirt, while another with less of this world's goods, who feels it incumbent to put up a good front, may go in for high priced hand made tailored-to-measure garments.

An Intimate Story of Innocent Emotions Revealed in Private Letters

LETTER FROM JOHN ALDEN PRESCOTT TO SYDNEY CARLTON, CONTINUED.

I have been wracking my brain, Syd, ever since I got that letter, to determine who the nice lady was who felt called upon to tell Paula the glad news.

It could not have been Ruth Ellington. She does not know Paula well enough, and that dear Fricilla Bradford is off the map as far as the Prescotts are concerned.

Don't think me conceited and egotistical, but I have been wondering if there isn't a little personal interest in Paula's letter. I hear you say "don't be a damn fool, Jack."

But isn't it a scream, that a man's wife should play rival in the affections of his former sweetheart and beat him out at the game. Paula has invested Leslie with a halo since her visit here.

Of course you know she came back fully determined to kick up a fuss, but Leslie, bless her heart, disarmed her with kindness.

Paula expected that Leslie would be quite upstage as the rest of town and would treat her with righteous contempt, but when Leslie, although she said nothing, made no denials or admissions, made Paula understand that she knew she was the mother of little Jack, the French girl was flabbergasted.

Of course Paula has no way of knowing that at the time Leslie thought you were the father of Jack, and she thought Leslie's

forgiveness was divine. Especially was she grateful for being left alone with the child for a little while.

Now what am I going to do? It is a strange thing, Syd, that a woman can never drop anything completely. She always wants to keep bringing it up and parading it whether it's a joy or a sorrow, a success or a disgrace. On the other hand, a man, no matter what his remorse or other emotions may be, will content himself in saying "That's that" and burying it decently. Paula will probably keep cases on me the rest of my natural life.

Leslie is going to have some kind of a jamboree to celebrate our third anniversary. She writes me that some one has said that if you safely weather that date on the calendar of married life, you can get along thereafter with more or less surety of being able to stand the bonds of double harness.

Of course you are coming over for the celebration. Don't forget that you were the best man at the start of this marital marathon and you ought to be here to cheer

us as we pass the first lap. I didn't like the tone of your letter when you spoke of Sally Atherton. When you see her you will realize what a pal she can be to a man, although I don't think she would ever be a success as a wife. I told you, however, in my last that I hoped she would bow you over and I think that she could if she'd try. I have come to the conclusion that that woman could do most anything, if she doesn't do it it is because she doesn't want to.

I wonder if I wrote you that

mother is here. Under the title of a nurse and companion hire for her she has grown quite human. Being humanized, she can not help liking Leslie, who, between you and me, Syd, is the nearest an angel of all the women I have ever known. If she were more angelic she couldn't live with such a sinner as Your friend, JACK.

TOMORROW: Letter from Leslie Prescott to Leslie Prescott, care of the secret drawer.

Finds Kellogg's Bran "Easy way to avoid constipation" after suffering for years

Constipation is a dangerous disease. It can lead to many others. Twenty years' suffering with constipation undetermined this man's health. Kellogg's Bran restored it—as it has done for thousands. This is what he says:

"Gentlemen: After eating Kellogg's Bran twice a day for one month I find it not only an 'Easy Way to Avoid Constipation,' but in many and most pleasant ways to cure it. I have been troubled with constipation for more than twenty years. After adopting the milk and bran diet and my stomach greatly improved, and find it a specific for constipation. I don't only insist that you know what your product has done for me, and what it is capable of doing for others."

(The original of this letter is on file at the Kellogg Company, Battle Creek, Mich.)

Kellogg's Bran relieves mild and chronic constipation because it is ALL bran. It brings sure results. It sweeps, cleans and purifies the intestine in nature's own way. Don't expect permanent. Only ALL bran can be 100 per cent effective.

If eaten regularly, Kellogg's Bran, cooked and krumbled, is guaranteed to bring permanent relief—or your grocer returns your money. You should eat two tablespoonsful daily—in chronic cases, with every meal.

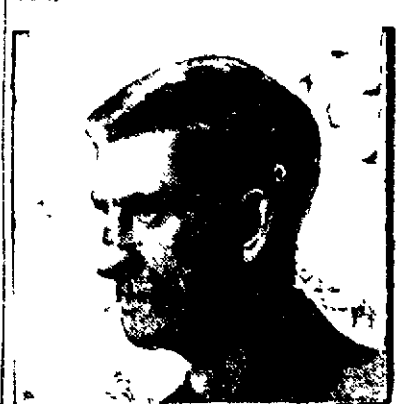

The flavor is delicious—nutlike—cooked and krumbled. Enjoy it with milk or cream, sprinkled on other cereals, cooked with hot cereals, or in the delightful recipes on every package. Made in Battle Creek. Sold by grocers everywhere.

BEECHAM'S PILLS

SAYS PAIN TIED HIM IN A KNOT

Railway Man States the Plant Juice Quickly Ended His Stomach Misery

"I had such stomach trouble that at times I would almost be tied up into a knot by the awful pain but since I have taken your Plant Juice all of this suffering is gone and not only that, but I feel new strength all over my body."

MR. J. B. WILLIAMSON

This remarkable statement about this surprising herbal medicine, Plant Juice, was made a few days ago by Mr. J. B. Williamson, of 1672 Manchester Avenue, Columbus, Ohio, and who is a well known railroad man, being employed by the B. & O. Railway Co.

"Yes, Plant Juice surely did wonderful work in my case," Mr. Williamson continued, "and best of all is that it helped me so quickly for I could see a change before half of the first bottle was gone."

"My stomach surely was in terrible condition. What little I ate would nauseate me so that I could hardly hold it on my stomach at all. And what I did hold down would put me in intense misery—almost tie me into a knot from pain. My bowels were constipated and liver was sluggish and I had bilious attacks and sometimes got so dizzy I would have to catch hold of something to keep from falling over. I was so extremely nervous that many nights I didn't sleep more than two or three hours."

"I heard so many railway men talking about Plant Juice that I started taking it and it surely surprised me. I improved almost at once and now, I can eat a good, big meal and not have a bit of pain or sickness. The constipation is gone; liver and kidneys work fine, and the biliousness and dizzy spells have been relieved. I sleep fine and can feel new vigor over my whole body and, in short, I am like an entirely different man."

Plant Juice is sold in Lima by the Hunter drug stores, 48 Public Square and Main and Wayne streets; also at the Argonne drug store, oppo. Post Office.

EX-SHERIFF ANDERSON GIVES TANLAC CREDIT

Man Who Held Public Office Over 27 Years Says Medicine Restored His Health And Strength 5 Years Ago And Has Helped Him Keep Well.

A. R. ANDERSON

"I said a lot in praise of Tanlac some six years ago, but not half enough, in view of what it did for me," is the high tribute paid the famous medicine, a few days ago, by Hon. Archie R. Anderson, ex-sheriff of Harris county, Texas, who resides at 1505 Austin St., Houston.

Mr. Anderson is unquestionably one of the best known and most popular men that ever held public office in the "Lone Star" state. After serving as deputy sheriff of Harris county for 12 years, Mr. Anderson was elected chief of police of the City of Houston. He had occupied this office but a short time when the sheriff of Harris county died and Mr. Anderson was then appointed by the Commissioner's Court to serve out the unexpired term of sheriff. He was honored with reelection as sheriff seven different times and served the people in this important office 15 consecutive years.

In 1912 Mr. Anderson declined reelection and retired to private life. He cast his lot among the people of Houston and is a large property owner and foremost citizen of this city. Speaking further of his experience with Tanlac, Mr. Anderson said:

"Before taking Tanlac I was all run-down and had no appetite. I had the worst form of indigestion and could not eat fried foods or pastries at all. I suffered all the worst sort of neuralgia pains and nothing seemed to help me only in a temporary way, until I took Tanlac.

"Then I read the statement of a Georgia sheriff, who had been relieved of troubles like mine. I just felt like I couldn't go wrong by taking Tanlac, and it has done even more for me than I expected. I felt better after the first bottle and the complete treatment of six bottles made a new and different man of me. I never felt better in my life than I did after taking Tanlac. And although five years have passed since Tanlac straightened me up, my health has continued good and my stomach as sound as a dollar to this day. I am glad to endorse Tanlac because it does the work and does it well."

Tanlac is for sale by all good druggists. Accept no substitute. Over 40 million bottles sold.

FROM PERSONAL EXPERIENCE

Mrs. Bradford Recommends Lydia E. Pinkham's Vegetable Compound

Phoebe, Virginia. — "Having this opportunity I just cannot refrain from saying a word of praise for the Lydia E. Pinkham medicines. I have used them on occasion required for twenty years, and my three sisters have also used them, and always with the most gratifying results. During the Change of Life I had the usual distressing symptoms—hot flashes, insomnia, etc.—and I am pleased to testify to the wonderful results I obtained from the Vegetable Compound. I heartily recommend it to any woman and I will be pleased to answer any inquiries that might be sent to me through the publication of my testimonial." — Mrs. H. L. BRADFORD, 109 Armistead St., Phoebe, Va. Consider carefully Mrs. Bradford's letter. Her experience ought to help you. She mentions the trials of middle age and the wonderful results she obtained from Lydia E. Pinkham's Vegetable Compound.

Refrigerator Prices That Talk

A backward Spring has made it necessary for us to sell refrigerators or carry them over to next season. Therefore we have decided to sacrifice price and move our stock regardless of former prices. Now is the time to buy, just in the heart of the refrigerator season.

The Famous Ranney Refrigerators

Has Perfect Insulation and Correct Circulation— Pays For Itself in Food It Saves

OUR LOSS, YOUR GAIN—BUY NOW AND SAVE—REFRIGERATORS IN ALL STYLES AND SIZES

Construction

These refrigerators are constructed with an inside case of odorless and tasteless lumber, clamped together, well nailed and glued and fastened to hardwood cleats, making it a thoroughly air-tight strong cabinet in itself. The outside case is of solid ash timber, and is nailed and glued to cleats which bind the inside case, thus making it one of the strongest and most durable refrigerators ever built.

Finish

They are finished in three coats of best quality of filler and waterproof varnish, giving them a gloss finish that looks well and one that will wear. The inside construction is neat and sanitary, containing many features covered by patents. These add much to the convenience of the user. All features have been tried out and are giving the best of satisfaction.

Insulation

Quilted sea grass, the best material for that purpose, long fibre indestructible and vermin proof, quilted between two sheets of heavy insulating paper, which insures it staying in place and unlike other insulators it will not settle down, leaving a part of the surface without insulation. Door fasteners and hinges are made of genuine brass, nickel plated, polished and special design.
